To the International Fraternity of Phi Gamma Delta:

I recommend the Delta Colony at the College of Charleston be granted a charter and full membership in the Fraternity of Phi Gamma Delta.

The Delta Colony started small, but it has quickly gained a reputation for academic excellence, commitment to the College, and civic responsibility. Many of the members of the Delta Colony are excelling in courses within our Honors College and two of the members are past Student Body Presidents of the College. In addition, the Delta Colony has participated in numerous community service activities, including volunteering at local elementary schools and cleaning the neighborhoods surrounding our campus.

The impact made by the Delta Colony at the College is already apparent. I am confident that the Delta Colony will make an excellent addition to the Phi Gamma Delta Fraternity.

Sincerely,

A handwritten signature in blue ink that reads "P. George Benson". The signature is written in a cursive style with a large initial "P" and a long, sweeping underline.
